

Mount Hutt College

Striving for excellence

Vision Statement

The Board of Trustees, staff and community have established a vision for the future, incorporating the three key areas of Learning, Community Partnership and Citizenship. This vision is the beginning of our journey towards ensuring that our young people emerge from the College as confident, lifelong learners who are excellent citizens of our country.

STRATEGIC GOALS

Learning	Citizenship	Community
<ul style="list-style-type: none"> Students and staff are motivated and engaged learners. Students and staff are flexible and adaptable in order to respond to challenges throughout life. Students demonstrate core knowledge and skills needed to be a successful adult. BOT ensures best use of resources to provide for a dynamic learning environment for each learner. 	<ul style="list-style-type: none"> Students leave with a strong sense of identity and independence. Students demonstrate respect for themselves, others and the community. Students are sufficiently resilient, enterprising and creative, to enable them to live productive and satisfying lives. Students develop a set of values for life, that ensure high behavioural standards Students make moral and ethical decisions and act on them. Students positively contribute to their community 	<ul style="list-style-type: none"> Strong school, parent and community networks. Relationships are essential to successful learning. Regular consultation with community groups to inform them of school practice. Regular communication of education issues to ensure we have an informed and involved community who are supportive of student learning. The school is funded and resourced so that the educational needs of all students are met.

All staff of the College are expected to actively work towards and promote this vision

John Schreurs
Principal Mount Hutt College
